Shaala Loka
An Online Academy

Team Members
Achala S Pandit – 1JS17CS004
Anagha K – 1JS17CS010
Chetana M – 1JS17CS29
Narayanaraj G – 1JS17CS033

Under the guidance of
Mrs. Snehalatha N

Project ID: CSE20PT27

INTRODUCTION

USERS

The Shaala Loka Application has 3 types of users –

- Organisation
- Instructor
- Student

ORGANISATION

- The Organization has admin duties.
- They are provided with 2 functionalities were they can approve the Instructors and students belonging to their organisation or reject them.
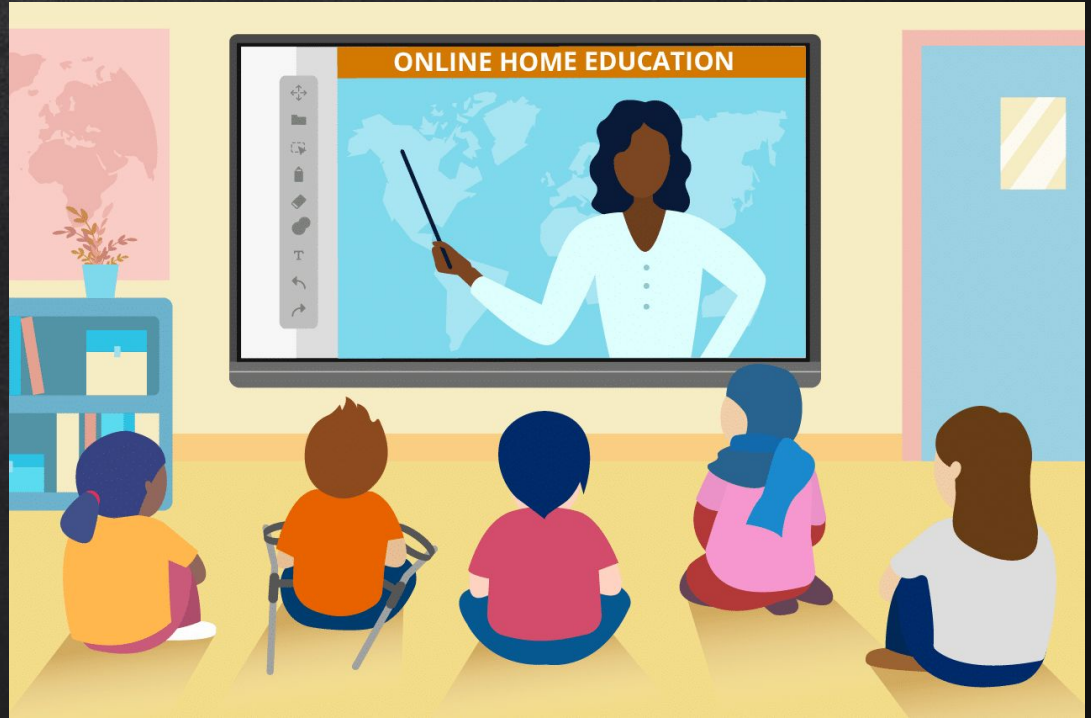

STUDY HALL

- Lecture session

- Uploading class materials

- Quiz

- Discussion Room

Shaala Loka Lecture Session

The Instructors can schedule a lecture session and through this they will be able to impart knowledge via an online platform.
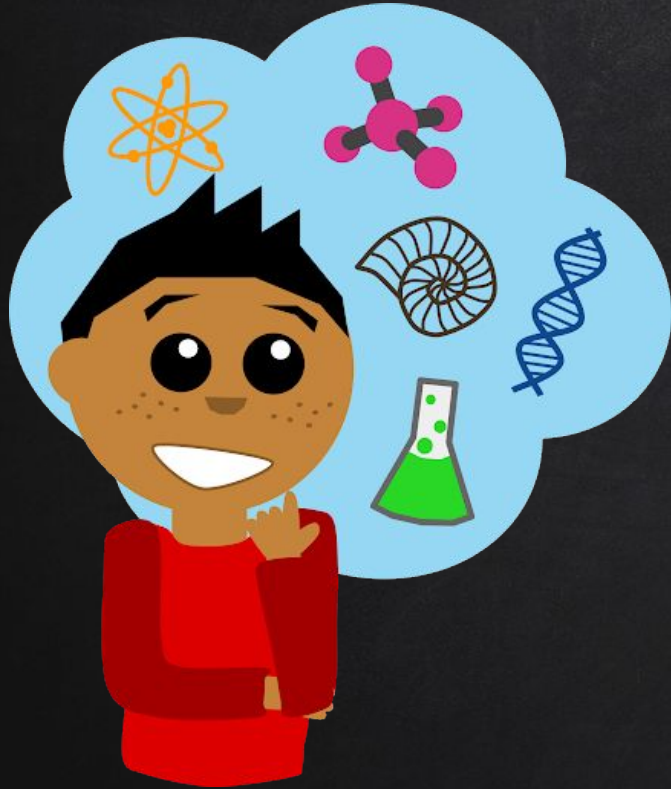

DISCUSSION ROOM

- This is a feature available in the study hall
- The Instructors and Students will be able to interact with each other
- The students can clear doubts if any through this forum

MAJOR
OUTCOMES

STUDENT INTERESTS

- All students can upload documents containing their creative and innovative work
- We use ML algorithms to find out their interests
- Instructors can identify students according to various interests

QUIZ GENERATION

- An automatic quiz can be added at the end of each class
- Instructors can monitor student progress
- Students can also learn about their understandings

DEMO

FUTURE SCOPE

PARENTS–TEACHER MEETING

Virtual PTM and other seminar meetings can be developed

1

PAYMENT PORTAL

Secured payment portal can be introduced for paying organization's fees

2

SPEECH RECOGNITION

Auto quiz and animated video generation can be a research aspect of our application

3

4

VIRTUAL ASSISTANCE

For improving user interaction

THANKS!
